PROJECTS

Anivision Studio: Architectural Design Portfolio Website

[Link](#)

- Designed a professional portfolio website for Anivision Studio, showcasing their expertise in exterior and interior designs, 3D floors plans, 360-degree views, and AR/VR solutions.
- The platform features an immersive interface with interactive project galleries and 360-degree walkthroughs, highlighting their innovative design approach.
- Includes a user-friendly contact system for seamless client inquiries and collaborations.

Personal Portfolio Website for a Graphic Designer

[Link](#)

- Designed and developed a portfolio website for a client, a professional graphic designer, to showcase their experience, skills, and creative works.
- The platform features a visually engaging interface highlighting their expertise in graphics, VFX, video editing, and other design services.
- Ensured a seamless user experience with an intuitive layout, interactive project galleries, and a responsive design for optimal viewing across devices.

Lost & Found

- Created a lost and found website for college premises, where students and staff can report lost items and find what they've lost easily.
- The platform provides a user-friendly interface for submitting detailed descriptions of lost items and allows others to search for and claim found items, fostering a community-driven approach to reuniting belongings.

EXPERIENCE

Anivision Studio

Web Developer

July 2024 - July 2025

- Worked as a Web Developer at Anivision Studio, a startup specializing in architectural design solutions.
- Developed and maintained the company's portfolio website, showcasing their services in exterior and interior design, 3D floor plans, and AR/VR solutions.
- Designed and built websites for Anivision Studio's clients, ensuring seamless user experiences and visually engaging interfaces.

CERTIFICATIONS

- C and CPP Certification (ITT - Council)
